

## Salvation Army Perfins

Harry Hayes

Some 20 years after I acquired my first Salvation Army perfin, I have compiled a summary of my copies of these stamps. I have examined 78 copies,

and have confirmed by covers that the user was the Salvation Army. This was quite a relief to me, as until October 2, 1991 I was unsure about one of these.

Then I discovered a cover of 1890, tucked away in another section of my GB Salvation Army material. Here is a copy of the summary. I have numbered the five types known to me; obviously, these are not

final, and Types 2 and 3 should be interchanged, to keep them in chronological order. However, I will leave them as they are until further specimens are reported.

May I ask you, please, to report to me any copies which you may have, using the same identification as I have use? Photocopies, especially of items on cover, would be appreciated.

Harry Hayes, 11 Chatsworth Drive, Towthorpe Road, Haxby York YO3 8QS, Great Britain.
